Using the System

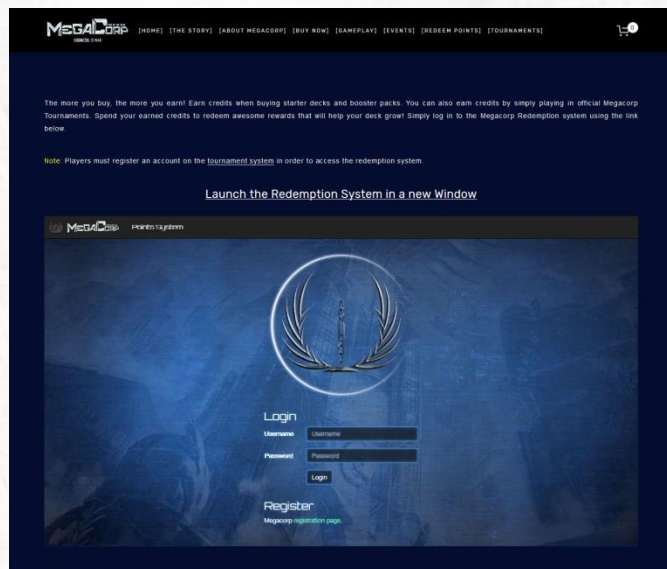

Logging in

For players to log in and redeem points, simply visit the [megacorp website](#) and click on the "Redeem Points" menu item at the top menu.

You will then be presented with the redemption page. You can log in directly in that page using your MegaCorp tournament system account. If you do not yet have a MegaCorp tournament system account, you must first register an account by visiting the [Tournament system page](#).

If you already have an account, simply enter your credentials in the login screen.

Player Dashboard

The screenshot displays the 'My Profile' section of the MegaCorp Points System. The dashboard is dark-themed with blue and green accents. It features three main columns of statistics:

- Total credits accumulated:** 33 Credits. Below this, **Current credits remaining:** 18 Credits. A button labeled 'Earn Credits' is located at the bottom of this column.
- Total credits spent on redemption:** 15 Credits. A note below states: '*Does not include credits spent from unredeemed vouchers'. Below this, **Credits spent on redemption this month:** 0 Credits. A button labeled 'My Vouchers' is located at the bottom of this column.
- Credit spending limit this month:** 10 Credits. Below this, **Credits used on vouchers this month:** 0 Credits. A button labeled 'Redeem Rewards' is located at the bottom of this column.

The top navigation bar includes links for 'Points System', 'Earn Credits', 'Redeem Rewards', 'My Vouchers', and 'Redemption History'. On the right, it shows 'Greetings Nick!' and a 'Logout' button.

Once logged in you will be directed to a screen similar to the one displayed above. The points system dashboard displays a summary of your account. Below is a short explanation of the items displayed on-screen.

Total credits accumulated - Your lifetime accumulation of credits.

Current credits remaining - The total balance of credits you have.

Total Credits spent on redemption - The total amount of credits that you have redeemed.

Credits spent on redemption this month - The total amount of credits you have redeemed for the present month.

Credit spending limit this month - The maximum amount of credits that you can spend on redemption this month. The limit increases if you participate in Megacorp sanctioned tournaments, and resets at the end of the month.

Credits used on vouchers this month - The amount of credits you have spent on redemption vouchers this month.

The Redemption Process

Start of Month

Earn Credits

- Earn Credits by buying MegaCorp Starter Decks or Booster packs
- Earn Credits by Participating in Official Tournaments
- Other officially sanctioned MegaCorp Activities

Spend on Voucher

Spend your credits on Vouchers. Vouchers act as an "order, so you can receive several products with one voucher. Remember, you can only spend as much as your spending limit. Raise your spending limit by participating in official MegaCorp sanctioned tournaments!

Redeem Voucher from Retailer

Print out the voucher, or show the voucher's code on your phone or tablet to a MegaCorp registered retailer in your area to. The retailer will input your code into the system and verify your redemption.

Get Free Products!

Once the voucher is verified by the system, your friendly retailer can now give you your free items!

End of Month - Monthly limits reset. Spending Limit reset.

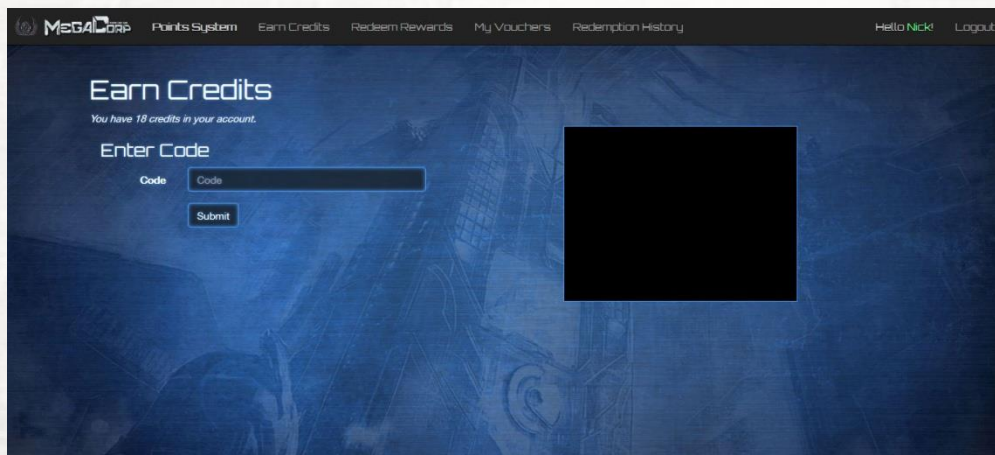

Earning Credits

Each booster pack or starter pack you buy comes with a scannable code and may look like the sample image below.

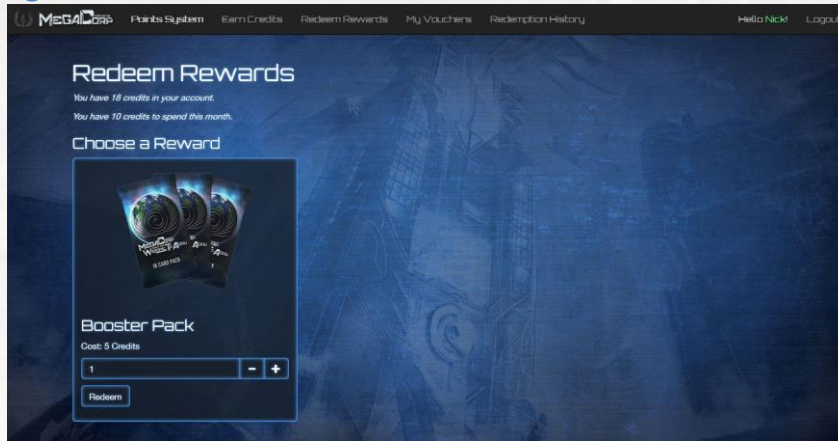

You may use your smartphone to scan the codes automatically, or you may type the code directly. Please bear in mind that the codes are case sensitive, Capital i's and small L's may look the same.

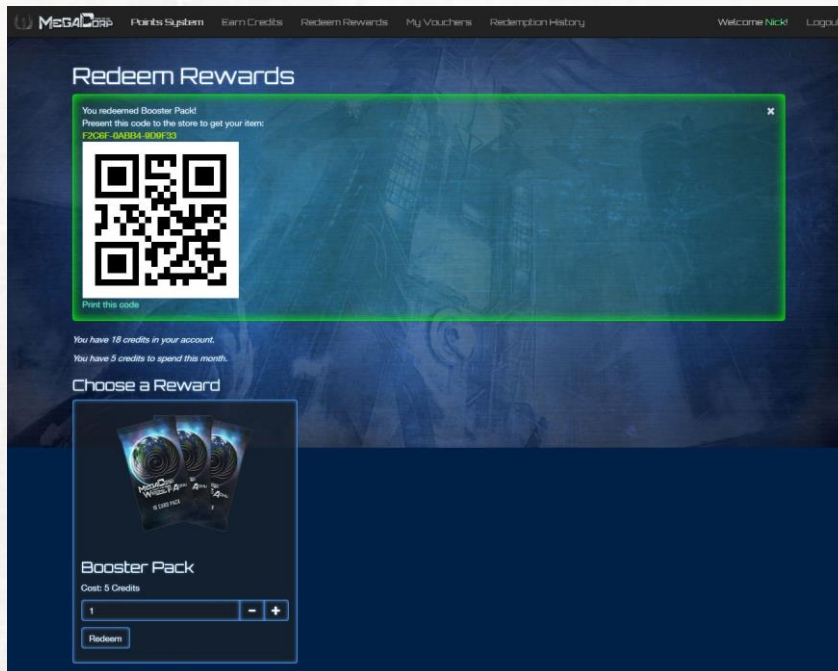

Spending Credits on Vouchers

Once you have enough credits in your account, you may spend them to create redemption vouchers. These vouchers are valid for 30 days. If the vouchers are not used within the 30 day period, they expire and will be invalid for redemption.

Creating a voucher does not affect your total credits on hand. Instead, the system deducts from the monthly spendable limit. It is only when you present the voucher to a retailer and they verify the redemption that your credit balance is deducted.

Once a voucher is created, it will be added to the "My Vouchers" list.

The list shows all your vouchers as well as their status. You may view any unclaimed vouchers at any time for printing or for presenting to a retailer for redemption confirmation. Simply present the voucher code or the scannable qr code to your local authorized retailer so they can verify the code and give you your free products.

Important!

The area which your account is registered in affects where you can redeem your vouchers. Only retailers who are registered in the same area as your account will be able to redeem your vouchers.
